CLUES

|----------|---|-----------|--|-----------|---|
| 1 | Welcome to the Gnome Roam, we hope you are prepared to roam! | 6 | Hanging out where you would least expect, the view from down here is perfect! | 11 | Looks under the trees & you will find me collecting water for all my animal friends |
| 2 | Usually up high but now down low, don't pass by without saying hello. | 7 | Under a big tree, by Brewers Pond Base, look close and you may see the fairies and me. | 12 | You have hit the jackpot! Make sure to look up the trees for a hidden fun surprise. |
| 3 | The butterfly counts not months but moments. | 8 | The truth is that it's not just trolls that live under bridges | | |
| 4 | Under the Mushroom house! | 9 | Across the log and through the long grass, this gnome home sits on a stone. | | |
| 5 | We may be small, but we are mighty! | 10 | Careful not to bark up the wrong tree, come have a swing with me. | | |
